

# THE FAYETTE FALCON.

ESTABLISHED 1866.

SOMERVILLE, TENNESSEE, FRIDAY, OCTOBER 1 1920

NEW SERIES: VOL. XIV.—NO. 14

## Mrs. R. E. Waller

At an early hour last Saturday morning the spirit of Mrs. R. E. Waller passed from its earthly habitation and went to its Maker. Death came to Mrs. Waller at her home in Somerville after an illness extending over several weeks and was by no means unexpected by those who had watched constantly at her bedside and had seen her strength lessen from day to day under the influence of her suffering.

Deceased was a life long resident of Fayette county and had lived to a ripe old age. She was long a member of the Methodist church to the principles and teachings of which she was faithful and true. Her gentle and sympathetic demeanor at all times and in all circumstances won her the esteem of a large circle of friends and her sweet disposition carried with it the deep love of home and family and a reciprocal love from its every member.

Mrs. Waller leaves three daughters, Miss Laura and Miss Neely Waller, both of this city, and Mrs. Tom Beal of the Eleventh District, one son, Lee.

Burial took place Sunday at Shady Grove church where deceased had worshipped for many years before coming to Somerville. The community sympathizes with the bereaved ones.

## Pleasant Hill Lodge

Several members of the Masonic Lodge in Somerville visited Pleasant Hill Lodge F. and A. M. and assisted in conferring the Masters degree upon Mr. Lee Wiles and Tom Pulliam. The work was participated in by uncle Sol Perry who is 91 years of age and rode horseback to and from the lodge which opened at 8 P. M. and finished about midnight. After the degrees were conferred the members of Pleasant Hill Lodge spread a supper fit for a King to eat. Roasted lamb and Yorkshire Kid, yellow legged Plymouth Rocks' stuffed eggs, boiled ham that melted in your mouth and made you forget hard times and low priced cotton potatoes, custard just like we used to eat when boys cake of all kinds, pickler, and when all had filled up and eaten more than his stomach could comfortably hold there remained enough for at least 100 more. We had a good time and we want want anything more to eat in a long time if we feel like we do today. It is a hill country up there but it holds the best people on earth and more good things to eat and their wives and mothers know how to cook it. We are coming again.

AND OLD MEMBER

**SURGEONS** agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wound begins to heal at once. For use on man or beast, BOROZONE is the IDEAL ANTI-SEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Price 25c, 50c, \$1.00 and \$1.50. Sold by Price Drug Co.

## The Fair Fund in Somerville

A committee of three of the County Fair Board this week in a half day secured from Somerville business and professional men more than half the funds needed to carry out the 1920 County Fair which is scheduled for October 14 and 15. The budget this year will be about \$600, most of which will go to the premium funds, as less fixtures are needed to be added this year than in any past year. And the committee working in Somerville secured in one afternoon well more than half this sum. And it was gratifying to the member of the committee to such kindly feelings for the fair among the town's business and professional men. The list of contributors was almost 100 per cent, the smallest possible number of these citizens failing to come up with their share of the money needed. The committee expects to see other towns in the county next week and secure the remainder of the funds needed and no trouble is anticipated in doing this, for there has never been any trouble in getting the full amount asked for.

The indications are that the Fair this year will be the same splendid success it has been in past years and the management asks the help of the public in making it a success. Exhibits are asked for, and the people of the county are asked to come on the two days named, October 14 and 15, and lend their presence.

The premium lists have been mailed out and if any citizen has failed to get one, a card addressed to the Secretary, W. T. Loggins, will bring one by return mail. Remember that each bank in the county has some catalogs for distribution.

## A Card Of Thanks

We take this means to express our thanks and heartfelt gratitude to our many friends who with such untiring kindness and devotion, ministered to our beloved mother, Mrs. R. E. Waller, during her last illness, and for the many kind words of sympathy and consolation in our bereavement.

May God's choicest blessings rest upon each and every one of the sincere wish an earnest prayer of,

HER FAMILY.

Wormy children are unhappy, puny and sickly. They can't be otherwise while worms eat away their strength and vitality. A few doses of W.B. E'S CREAM VERMIFUGE performs a marvelous transformation. Cheerfulness, strength and the rosy bloom of health speedily return. Sold by Price Drug Co.

**ECZEMA**  
Money back without question if HUNT'S Salve fails in the treatment of ITCH, ECZEMA, RINGWORM, TETTER or other itching skin diseases. Try a 75 cent box at our risk.

Sold in Somerville by RHEA DRUG COMPANY

## Mrs. J. A. Summers

On Saturday September 18th, 4:30 P. M. at her home in Williston Tennessee, Mrs. J. A. Summers passed to her reward. Her death demonstrated the moral principles that a life well lived has no fear when the final rest comes. Her passing out into the great beyond was peaceful and without a struggle in spite of the fact that she had suffered weeks prior to her last moments of life. She died as she had lived with a forward look and the smile on her face was evidence that she was not afraid to pass into the presence of her Maker.

Mrs. Summers was a true and steadfast wife. Through the more than fifty years of wedded life she had been a power of strength to her husband. Her influence in a quiet easy way had helped him carry many a load and had influenced and moulded his character for whatever constructive work he has accomplished.

She was a wonderful mother. There was nothing, within reason, she would withhold from her sons. She had no daughter and that warm mother love which flows between mother and daughter found expression when she was making comrades of her sons. Of a thousand services rendered her children, I recall one which illustrates her devotion and love for her children. It was her custom after her boys had retired for the night on a winter evening to come to our bedrooms and talk to us for a while and see that we were comfortable for the night. I shall never forget the tucking of the cover about our feet, the summing up of the events of the day or the final goodnight message. She was happy when her sons were gathered near her and she was able to render some service to them.

But her service did not stop with the family circle. In the church, in the community or wherever there was something needed to be done, she rendered service. The tramp was not turned away from her door, because she said, "He's somebody's son." Her life was full even to the last of doing something for humanity and when her hands were too feeble to render more service she patiently bore her affliction and smiled even when the finger of death was laid upon her brow.

She was prepared to go, for she told those who were near her that she was. The only thing which death carries was the fact that those who had to leave those behind for whom she had with whom she had toiled so long.

Mrs. Summers was the last of a family of nine children born to Jeremiah and Mary E. Burnett. She was born in Irredell County N. C. and lacked one month and twelve days of being seventy four years at her death. She joined the M. E. Church South at Jones Chapel about the age of sixteen and at this church she was buried. She was married to J. A. Summers, on Jan. 27th, 1869 and is survived by her husband and three sons; namely W. B. Summers, and E. B. Summers and J. B. Summers. It was a sad parting on this side but there was a wonderful reunion on the other, "C"

## Chamberlain's Cough Remedy

This remedy is intended especially for coughs, colds, croup and whooping cough. From a small beginning its sale and use has extended to all parts of the United States and to many foreign countries. This alone is enough to convince one that it is a medicine of more than ordinary merit. Give it a trial and you will find this to be the case.

Neuralgia of the face, shoulder bands, or feet requires a powerful remedy that will penetrate the flesh. BAL-LARDS SNOW LINIMENT passes that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Sold by Price Drug Co.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, Ohio. Sold by all Druggists, 75c.

## The County's Hard Surfaced Roads

Frequent questions are asked about the status of Fayette county's hard surfaced roads about which so much was said earlier in the present year and we get the following information that will be interesting.

Recently surveyors coming from Jackson thru Hardeman county reached the Fayette county line at Whiteville making an actual survey of the proposed east and west road which passes thru this county from Whiteville to Eads. Hardeman county had furnished the money for the survey, the amount to be refunded to the county when the state and national government put up their part and begin work on the road. When the surveyors reached the Fayette county line, they applied to this county for a similar advance of funds to make the actual survey, but no such advance had been authorized by the court and funds were not available for the purpose. For this reason the survey was stopped at Whiteville temporarily and will be again taken up as soon as funds are available for that purpose. So much for the east and west road across the county.

The Memphis to Bristol Highway has been definitely located and actual surveys are in progress and this will, probably, be the first piece of road build under the proposed plan.

No definite time is yet in sight for beginning actual construction, but the plans are in progress and building the roads will come in time.

## Putnam County Pig Club Contest

The community pig club contest at Holiday in Putnam County was held September 10 and 11. This club was organized last spring by county agent W. G. Admond of Cookeville and on May 22, seven boys purchased purebred Duroc gilts thru the banks of the county. These gilts were 10 to 12 week old and weighed an average of 63 pounds each.

The feeding contest began at once and lasted 111 days or until the day before the show was to be held. It was their first attempt at feeding and caring for purebred pigs but the boys followed the county agents' instructions to the best of their ability.

Ever one was interested to know what the final weights would be when the pigs were entered at the show. Many went above 200 pounds and the average weight was 197 pounds. The average net gain was 134 pounds in 111 days or 12 pounds daily.

The cost of putting on this increase in weight was 13 cents a pound which is slightly less than market prices for pork. It should be remembered, however, that all of these gilts were purebred and will be used as breeding stock.

This work was done in spite of the fact that some few "old fogies" in the community did all they could to discourage it. The club boys are determined to go ahead attending to their animals and show them at the county contest in October.

When the chest feels on fire and the throat burns, you have indigestion, and you need HERBINE to get rid of the disagreeable feeling. It drives out badly digested food, strengthens the stomach and purifies the bowels. Sold by Price Drug Co.

## OF VITAL IMPORTANCE TO WOMEN

The Federal Suffrage Amendment is of vital importance to every woman voter in the United States. True, women have full suffrage in fifteen states and are entitled to vote for the next President in fifteen other states, but it is only by final ratification of the Federal Suffrage Amendment that any woman is nationally protected in her voting rights. Let a New York woman cross the North river into Jersey and she loses her full suffrage rights. Let a Tennessee woman move to Alabama and she loses her Presidential and municipal suffrage rights. In 1916 the Democratic party vote represented a gain of from 20 per cent to 26 per cent over the 1914 election.

In woman suffrage states the percentage of gain was from 78 per cent to 128 per cent.

After Wilson's advocacy of woman suffrage, 163 women suffrage states that had formerly been Republican, went Democratic.

After the Democratic senate of the Sixty-ninth Congress turned down woman suffrage, nine of these suffrage states returned Republicans to Congress.

## Tennessee Has Greatest State Fair In History

Nashville, Tennessee, September (27.) Never in the history of Tennessee has there been such a display of the agricultural products of the State as that viewed by thousands at Nashville last week. Those who had charge of the agricultural department state that the exhibits at the fair this year were fully fifty per cent better than any previous year, and too they were larger.

The big agricultural hall [was] fairly bulging with the very choicest products of the field of the now outstanding agricultural and livestock State of the South. Many who have attended fairs all over the country stated that they had never seen anything to equal it. Never before has such keen interest been shown in the artistic arrangement and display of exhibits. The outstanding feature of the hall was the county council of agriculture exhibits. The counties having council exhibits were Lawrence, Montgomery, Wilson and Maury and the ribbons were awarded in order named, Lawrence getting the blue ribbon. These exhibits were a new feature of the fair and they were the center of attraction. Twenty-three communities had exhibits. Davidson County had seven; Williamson five; Giles, three; Marshall, three, and Bedford, Montgomery, Robertson, Sumner and Lawrence one each.

The exhibits from each county were in charge of the county agents. J. M. Dean, District Agent, had charge of the hall. The corn show, exhibits, small grain, boys' and girls' club exhibits, garden products, potatoes, hay tobacco, honey and canned fruits and vegetables were good to look at.

There was an attractive exhibit made by the negro farmers in connection with the agricultural exhibits and this show demonstrated that the colored man can do some real things in an agricultural way.

## An Agreeable Surprise

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mill, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy.

**SURGEONS** agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. When an EFFICIENT antiseptic is applied promptly, there is no danger of infection and the wounds begin to heal at once. For use on man or beast, BOROZONE is the IDEAL ANTI-SEPTIC and HEALING AGENT. Buy it now and be ready for an emergency. Sold by Price Drug Co.

## Apple Show Proves To Be Revelation

"Nothing like it has ever been seen at the fair before." That is what everybody said about the mammoth apple show at the Tennessee State Fair last week.

In the past, very little attention had been given to apples by the fair, but this year the Tennessee Horticultural Society in cooperation with the Fair Association made a special effort to have the greatest apple show ever seen in the South. And the exhibit showed how well they succeeded.

This exhibit was gotten up for the purpose of awakening Tennessee farmers to the opportunities for commercial apple growing and to attract outside investors interested in growing orchards. The men in charge of this exhibit say that Tennessee grows one third more apples than Oregon, but while Tennessee produced in 1919 five million bushels of apples, only one million bushels, or a fifth, ever reached a market.

Every apple in the show was grown in Tennessee, there were many witnesses who go away doubtful after seeing the big display. Sixteen counties of the State are represented, and 100 or more varieties are listed. There are 18,000 individual apples in the great bank of them to the back of the exhibit room, besides thousands more contained in 2,000 plates, trays, barrels and other containers.

The exhibit is being put under the auspices of the Tennessee Horticultural Society, of which T. D. Reed of Nashville is the retiring president and of which F. D. Garrison of Knoxville is field agent.

## SOMERVILLE TESTIMONY

### Home Proof, Here, There And Everywhere

When you see Doan's Kidney Pills recommended in this paper, you must always find the recommender a Somerville resident. It's the same everywhere in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Somerville recommendation. Then insist on having Doan's. You will know what you are getting:

W. S. Newby, S. Main St., says: "I was in pretty bad shape some time ago, owing to disordered kidneys. My back pained day and night, and I blame riding over rough roads for the starting of the trouble. I had to pass the kidney secretions quite frequently, and they caused a burning sensation. I felt tired and didn't have much ambition to do any kind of work. Seeing Doan's Kidney Pills so highly advertised, decided to get a box at the Rhea Drug Co., and after using it, I felt a great deal better. I continued taking Doan's until entirely cured. I gladly recommended this medicine.

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. W. S. Newby had. Foster Milburn Co., Mfrs., Buffalo, N. Y. Adv.

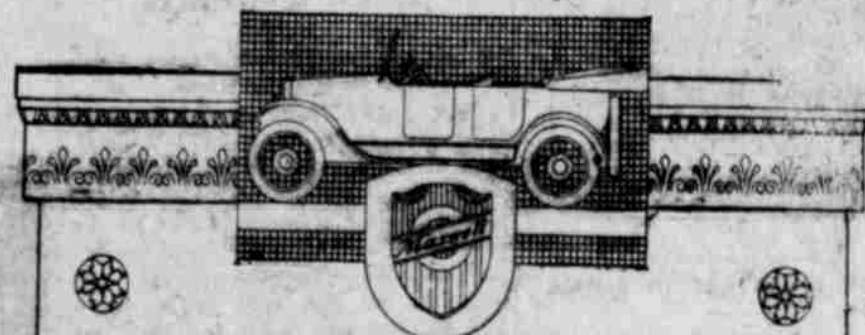

**Ford**  
THE UNIVERSAL CAR

There are more than 3,000,000 Ford cars in daily service throughout the world, and fully eighty per cent of these are Ford Touring Cars. There are many reasons for this, not the least of which is the simplicity in the design of the car, so easy to understand; likewise it is easy to operate; and mighty inexpensive compared to other motor cars. On the farm, in the city, for business and for family pleasure, it is the car of the people, and the demand is increasing every day. Let us have your order promptly if you want one.
